1 Exam date ratios are annualized.

2 Exam Date Ratio is based on Net Charge Offs over the last 12 months.

3 This ratio relies on maturity distribution of investments reported per 5300 instructions. Thus, the maturity distribution could be based on the repricing interval and not the actual maturity of the investment.

4 Applicable for credit unions under \$100 million.

5 For periods after March 2020, Assets in the denominator excludes Small Business Administration Paycheck Protection Program loans pledged as collateral to the Federal Reserve Bank Paycheck Protection Program Lending Facility.

6 Applies only if total assets are greater than \$50 million and the RBNW Requirement is greater than 6% and greater than the Net Worth Ratio (NCUA regulations section 702.103).

7 The FPR was recently reorganized resulting in some ratios being relocated but not deleted. The ratio you are looking for may be on the Historical Ratios tab.
